

"How beautiful are the feet of those who preach the good news." Romans 10:15

Our "Do-It-All Dolly"

Without hesitation she gave up a position she loved (servicing the website) to single-handedly man what WAS a 4-person office. From answering the phone, to processing donations, to handling Round-Up virtually alone, she's pretty much been our "Do-It-All-Dolly" for the past several months. We couldn't do it without her. THANK YOU MONICA!

Donation Receipts

There's been a little concern over the lack of donation receipts this year. We humbly apologize. Round-Up hit just as we were finishing the clean-up in accounting. Now that we're so close to year-end, we've decided to save the postage and simply send out year-end statements. Since we allow donations postmarked by December 31st to be counted in, we'll strive to have those statements in the donors' hands by mid-January.

Pledges & Gifts

The task of processing Round-Up is nearly complete! Pledge confirmations will be issued soon, followed by gifts by year end!

Wow has the year flown by!

And there's been so many changes at GLC it's made our heads spin. It's been a challenge for us, and inevitably a challenge for our viewers and supporters, too. So first and foremost, we want to **thank you for your faithful support - in both the financial and spiritual arenas** - as we've strived to meet those challenges head-on!

If you've been watching, you've noticed a BIG CHANGE to our Broadcast Schedule this year; and if you haven't, we encourage you to give it a go! We've been receiving great feedback! When we contacted the new programmers and offered to air their program at no charge, their response was nothing short of shock. It's been a win/win. Our viewers now have access to some incredible programs, such as **Day of Discovery** - a beautiful production filmed in Israel, which captures the primary message of the scriptures. As has often been said, "The Land is considered the Fifth Gospel, and every stone a part of the story."

With the December schedule (see reverse) comes the addition of **Biblical Archeology Society (BAS) Presents** - a one-of-a-kind program **available ONLY on GLC**. What a great opportunity we had to interview the **foremost expert on biblical: Herschel Shanks**. Not only does BAS publishes the **#1 biblical archaeology magazine** in the world: **Biblical Archaeology Review (BAR)**, but they publish a storehouse of educational books and videos, so we couldn't be happier than we are with this joint venture. It kicks off with *Where Jesus Walked*.

Doorways to Wisdom - Season 3 is receiving rave reviews. No one is more amazed than we are at the depth of what we can learn from the Torah. **The practical application to our lives, from events that took place thousands of years ago, is astounding.** We've added additional airings, so viewers have more opportunities to catch it during the week. This is one program you don't want to miss!

Stay tuned! Another great series launches in January! We love you!
